

84-2430

11 June 1984

MEMORANDUM FOR: Director of Personnel

25X1
FROM:

C/HRPS

SUBJECT: Separations from Computer-Related Occupations

1. This memo responds to your request for additional information on separations of employees from computer-related occupations. The attached charts and statistics supplement a 9 May 1984 study prepared for [redacted] PMCD, and provide information by Career Service, service designation, and year.

25X1

Career Service Level:

2. Overall, the highest separations were from the DDA and the DDS&T. Over the last 3 1/2 fiscal years the DDA has lost [redacted] employees from the Systems¹ category while the DDS&T had [redacted] similar separations. In addition, [redacted] Computer Programmers separated from the DDS&T, [redacted] from the DDA, and [redacted] from the DDI. The DDO has had few separations from the computer-related occupations over the last 3 1/2 fiscal years.

25X1

25X1

25X1

Service Designation Level:

3. Below the Career Service level, ODP (MA) and NPIC (RN) account for the vast majority of all separations.

By Year:

4. The computer-related separations seem to be shifting from Programmers to Systems employees. The DDA losses from the Systems¹ category for the first 5 months of FY 1984 equal the [redacted] separations for all of FY 1983. While [redacted] Computer Programmers separated from the DDA in FY 1983, none have left thus far in FY 1984. In the DDS&T [redacted] Computer Programmers separated in FY 1982 [redacted] left in FY 1983, but only [redacted] separated thus far in FY 1984.

25X1

25X1

5. Please call me on [redacted] if you have any further questions.
